

Litac NLGI 0.5 | Fifth Wheel Grease

Property

- greater corrosion protection
- extreme water resistance
- efficient handling thanks to excellent adhesion
- excellent load-bearing capability thanks to EP additives and 10% graphite

Application area

- especially suitable for fifth wheel couplings
- suitable for heavily loaded open gearboxes at low speed
- not recommended for rolling bearings at high speeds due to solid lubricant content
- continuous operation from -10°C to +140°C; Short period max. +180°C

Typical properties

Property	Unit	Value
NLGI Grade	-	0.5
Color	-	black
Type of soap	-	Clay
Worked penetration ASTM D217	0.1mm	350
Viscosity (base oil) @ 40°C	mPa.s	1850
Viscosity (base oil) @ 100°C	mPa.s	50

Available packaging

5 kg pail	
-----------	--

Specifications
